

EXECUTIVE EDUCATION

DIGITAL TRANSFORMATION AND INNOVATION

Incorporate technology into your business strategy. Improve your personal understanding and application of how emerging technologies can drive growth in your organization.

Raise Your 'Digital Fitness.' Apply Current & Future Information Systems, Digital Strategies & Practices

This course will introduce you to new business models and value-generating opportunities enabled by fourth industrial revolution (4IR) technologies such as artificial intelligence, digital interfaces, digital platforms, and big data. You will leave with applicable frameworks and practical examples using your digital innovation to gain a competitive advantage.

KEY BENEFITS

- › **Develop an Effective Business Case:** Create a new strategic tech initiative.
- › **Identify Potential Risks and Challenges of New Digital Applications:** Actively prepare to address mitigations and remediations that may arise.
- › **Learn How To Support Digital Tactics and Strategies That Further Organizational Strategy and Mission:** Discover value in partnering with tech experts as well as improve operational efficiency.
- › **Understand Key Business Value Opportunities For Leading Fourth Industrial Revolution Technologies:** Embrace working across various business sectors such as Artificial Intelligence (AI), Application Programming Interfaces (APIs), Robotic Process Automation (RPA), Distributed Ledger Technology (DLT), etc.
- › **Identify Organizational Security Risks:** Improve data management to minimize opportunities for organization data breaches.

WHO SHOULD ATTEND

- › Business Unit, General, and Regional Managers, Directors, and other manager/leader titles.
- › Senior and mid-level leaders including management, finance, sales, legal and computer engineering.
- › Organization team leaders and individual leaders of all levels in the organization and across varied industries.
- › Leaders committed to driving new growth opportunities in their organization, accelerating careers in rapid tech-induced change, developing a tech mindset, and minimizing multidimensional risk.
