SPONSOR A MICHIGAN ROSS MULTIDISCIPLINARY ACTION PROJECT
Michigan Ross offers unrivaled opportunities for students to start, advise, lead, and invest in real-world businesses. We call this Ross Experiences in Action-Based Learning, or REAL. Students thrive on these opportunities, and sponsors receive in-depth analysis and fresh perspectives. Our signature Multidisciplinary Action Projects (MAP) course is one such partnership between business and students that has been delivering an incredible ROI for sponsor companies for more than 25 years. MAP puts teams of top business students to work solving the complex issues of corporate, nonprofit, and entrepreneurial sponsors around the world.

**WHY SPONSOR A MAP TEAM?**

- Gain fresh perspectives on your business issue through focused, in-depth attention from an unbiased team of Ross students.
- Benefit from actionable, data-driven recommendations from a multidisciplinary student team guided by expert faculty.
- Build relationships with top-tier graduate or undergraduate students and reinforce your recruiting strength with one of the world's leading business schools.
- Exchange ideas and experiences; share your business knowledge with Ross students to complement their studies.
- Earn a valuable ROI — sponsors are only responsible for student costs associated with the project.

**FIDELITY INVESTMENTS**

Fidelity Investments sought the support of a Ross MAP team to help assess key social, global, and industry trends that were of relevance to the company. The team was able to identify several relevant industry trends, using internal stakeholders to identify which trends would be most impactful. The team’s subsequent research resulted in the creation of a prioritized list of strategic action items that Fidelity can take going forward.

*Sponsoring a MAP project felt like a valuable way to support the MBA program and the students who will soon join me as Ross alum. As an employee, I am thrilled with the way our project sponsorship generated actionable insights for the firm.*

— MATTHEW KILFOYLE  
SENIOR DIRECTOR, FIDELITY INVESTMENTS

**UBER TECHNOLOGIES, INC.**

With more than three million drivers operating in more than 80 countries, Uber Technologies, Inc. depends on a strong network of driver services and support. The company looked to a Ross MAP team to assess and provide recommendations for this focus area in Brazil. The team conducted research to devise a strategy that optimized a driver support channel.

*I was really impressed with how quickly the team was able to provide us with a ready-to-implement recommendation. I also have to highlight the professionalism of the team and how well their diversity of backgrounds contributed to the final outcome: great MAP!*

— PEDRO OLEIRO  
HEAD OF CUSTOMER EXPERIENCE, UBER TECHNOLOGIES

**VCREDIT**

Vcredit is a rapidly growing Chinese company that uses mobile platforms in pursuit of its mission to make financial services more convenient. The company turned to a MAP team to develop a strategy for KKCredit, its popular loan product. The team conducted product research, as well as industry, financial, and customer analyses before developing strategy recommendations for the company to grow its business in China.

*Having the opportunity to diagnose current performance and frame creative yet data-driven growth strategies for Vcredit proved to be the highlight of my MBA experience.*

— ERIC SHE // WEEKEND MBA STUDENT

**INVEST DETROIT**

Invest Detroit supports economic development opportunities in underserved communities. Seeking to ensure that Detroit can support small businesses and entrepreneurs, the nonprofit challenged its MAP team to identify gaps in services, funding, infrastructure, and other support, comparing the city’s entrepreneurial ecosystem to other urban centers and making recommendations on changes to encourage high-growth ventures.

*Nothing will prepare you better for creating client-ready work than actually doing it.*

— ALEXA ABBOTT // BBA STUDENT
WHICH MAP IS RIGHT FOR YOU?

MAP is a central element of most of the degree programs at Michigan Ross. That means your student team could be talented undergraduates tapped into a Generation Z mindset, energetic millennials with several years of practical business experience, or seasoned executives in supervisory roles. In addition, different MAP programs take place at different times of the year. We’ll work with you to match your project needs to the MAP program that provides the best fit.

CAPSTONE MAP: UNDERGRADUATE AND MASTER OF MANAGEMENT

STUDENT PROFILE: Typically ages 20-22; most likely completed one professional internship.

PROGRAM SPECIFICS: Only domestic projects.

PROGRAM CAPACITY: Approximately 40 projects.

PROJECT TIMELINE:

PROPOSAL OPENS: September.

</table>
When you are ready to sponsor a MAP project, the first thing to do is develop a proposal.

**WHAT MAKES A GOOD MAP PROPOSAL?**
MAP delivers the most value when you have pressing issues with no simple solution. The best projects:

- Require a multidisciplinary approach
- Have no existing or obvious solution
- Can be successfully completed in the allotted project time (7-12 weeks)
- Have strong support from senior-level management
- Demand a set of actionable recommendations

**WHAT ARE A SPONSOR’S RESPONSIBILITIES?**
• Use your experience and guidance to promote academic learning for the student team
• Identify dedicated and engaged project liaisons as well as a supportive executive sponsor
• Provide relevant data, which may be proprietary, to the MAP team (NDAs can be signed)
• Arrange for the MAP team to interview key personnel
• Provide workspace and appropriate business and communications equipment
• Arrange for teams to spend time at the project site for proper project onboarding and data collection
• Pay project-related expenses, including travel for the MAP team (students only)

*Note: The Office of Action-Based Learning will work with you to determine a budget.*

**SUBMIT YOUR PROPOSAL**

1. Visit the MAP website: michiganross.umich.edu/map
2. Contact the Office of Action-Based Learning to discuss project ideas: RossActionLearning@umich.edu or 734-615-2096.
3. Complete the project proposal form online once it opens.
