WE LEARN
BY DOING.

At Ross, we believe that the best way to learn is by doing. In our BA 453 Capstone MAP and Living Business Living Experience (LBLE) elective courses, teams of students partner with an organization and provide recommendations to address a real opportunity or challenge it’s facing. This is an invaluable way for you to develop your professional competencies, collaboration skills, and business acumen.
We are leaders.

Enter a business plan competition. Tackle complex social challenges. Research and promote positive business practices. Michigan Ross Centers & Institutes take your passion beyond the classroom with meaningful projects and partnerships. Make a difference through the Business+Impact initiative or the Center for Positive Organizations, or kick-start your business idea with help from the Samuel Zell & Robert H. Lurie Institute for Entrepreneurial Studies.

Your MM journey includes access to workshops hosted by the renowned Sanger Leadership Center, which facilitates life-changing experiences that prepare you to navigate tough situations with confidence.

**BUSINESS+IMPACT CHALLENGE** This challenge is an action-based team experience aimed at delivering innovative solutions to a highly-visible corporate or nonprofit organization.

**CRISIS CHALLENGE** Practice strategizing under pressure and thinking on your feet as you navigate a high-stakes, 24-hour business crisis simulation. Survive this pressure-cooker experience and gain valuable takeaways to share in interviews and call upon in the event of a real-life business crisis.

**LEGACY LAB** This introspective workshop series helps you to draw out your core values and purpose, enabling you to create your vision for the leadership legacy you’d like to leave behind.
WE STUDY GLOBALLY.

Go out into the world. Explore. Get a taste of doing business abroad through an elective global study opportunity over Spring Break... and a taste of the local cuisine while you’re at it. Integrate everything you’ve learned to solve a real-world business challenge. Get it wrong, then get it right. Collaborate with peers to draw upon strengths and uncover the optimal solution. Reflect, learn, and grow.
Ann Arbor consistently ranks as one of the best places to live in America. It’s rich in entertainment and culture, home to an amazing food scene, and offers countless opportunities for outdoor and indoor adventures.
Even the greatest leaders don’t act alone. And as an MM alum, you’ll never have to. The Michigan block M is one of the most recognized symbols in higher education, and a “Go Blue!” at the end of an email to an alum pretty much guarantees a response.
WE WANT TO HEAR FROM YOU.
