The Positive Leader

Deep change and organizational transformation

Do you see what needs to be different in your organization to make it truly great, but the culture, practices and processes of the organization fight against you? This program will give you new insights, perspectives and practices to influence the changes needed in the culture of the organization and help you tap the latent potential in the people around you and the system in which you work to deliver unprecedented results. To accomplish something new you need to be able to see from a new perspective.

This program will not only help you understand cutting edge research but will bring you practical experiences to apply these new tools and techniques more effectively, more genuinely and give you the learning agility you need to build the future. You will learn about how other companies have benefited from these experiences, and through dedicated time working on your own current circumstances create a plan to apply what you learn while also getting ideas and insights from fellow participants and coaches from diverse industries, cultures, and roles.

Individual Benefits

- Unleash your leadership strengths and learn how to build on these strengths to create value for your team and organization
- Develop strategies to enhance employee engagement and create a culture of collaboration and commitment
- Enhance your ability to create, influence, and foster organizational change
- Build an action plan for deep change in yourself and others

Organizational Benefits

- Create leaders who develop high-impact relationships and culture
- A step-by-step plan to realize positive change to the work environment immediately upon return to work
- Increased drive to achieve exceptional individual and organizational performance
