READY TO MAKE IT WORK

Our Weekend MBA format is designed with working professionals in mind. It’s an accelerated two-year program that works around your busy schedule.

- Classes are every other weekend on campus. They start Friday afternoon and last into the evening and then again on Saturday morning, lasting through the afternoon.
- You’ll advance through the program with the same group of students, which fosters lasting relationships and a close-knit cohort experience.
- You’ll benefit from personalized career support, recruiting events, and the strong relationships we’ve built with Fortune 500 companies.
- In your second year, you’ll have the flexibility to choose elective tracks that align with your interests and, as your schedule permits, to choose some classes outside of the program that integrate with your core coursework.

READY TO PROVE YOURSELF

One of the best parts of our Weekend MBA is that you can make an immediate impact by bringing what you learned over the weekend into work on Monday. In addition to our world-class faculty and action-based curriculum, you can sharpen your leadership skills by competing against the best.

LEADERSHIP CRISIS CHALLENGE
The bigger your role, the more challenges you’ll face. After experiencing the Leadership Crisis Challenge, you’ll know you’re ready to handle them all. You and your teammates act as the executive leadership team navigating a high-stakes, high-pressure, and very public simulated crisis.

PART-TIME MBA DEI CASE COMPETITION
In its inaugural competition, a team of students won the DEI Case Competition by making strategic recommendations to increase diversity, equity, and inclusion at a multinational beauty company. Their presentation was judged by executives from Google, McKinsey, EY, and Campbell’s Soup.

"the moment when...

YOU LEARN FROM YOUR DIFFERENCES
“The Ross community is made up of genuine, well-rounded leaders, eager to learn more about how they can lead more effectively and open to learn about different industries and cultures that are different from those they already know.”

SHAYLYN STANLEY

There’s a podcast for everything, and this one is for you. Working for the Weekend is the student-run podcast about part-time MBA students balancing work, life, family, and everything else that comes with living and working toward a Ross MBA.
