**Recommended hotel(s):** Since the Stockholm School of Economics is located very centrally (two metro stops or a 15-minutes-walk from Stockholm Central) there are plenty of options for accommodation. Three such examples are:

Rex Hotel, [www.rexhotel.se](http://www.rexhotel.se)

Hellsten Hotel, [www.hellsten.se](http://www.hellsten.se)

Hotel Birger Jarl, [www.birgerjarl.se](http://www.birgerjarl.se)

Rex and Hellsten are the ones closest to the school but all three hotels are within walking distance to the school. When making your reservation to any of these hotels by email or phone, please give "Stockholm School of Economics" as code.

[Haymarket by Scandic](#) and [Scandic Norra Bantorget](#) are other example of possible hotels within a 10 minutes walking distance.

### **Transportation suggestions:**

**Airport** – The most frequented international airport is Stockholm Arlanda, other airports nearby Stockholm are Skavska and Bromma

**Airport to hotel** – From Arlanda the two most convenient possibilities to get to Stockholm Central are i) the Arlanda Express (goes every 10 to 15 minutes, travel time to the central station only about 20 minutes, costs SEK 350 for a regular single ticket, SEK 140 for a single student ticket, tickets can be purchased online or in one of the vending machines on the way to the platform), ii) public transport SL (connections to Stockholm Central ca. 3 times per hour, information via <https://sl.se/en/>, travel time ca. 50 minutes, costs for a regular single ticket SEK 44, SEK 30 for students). From the small Bromma Airport which is very close to the city, SL is the most convenient option when it comes to costs and time.

From all three airports there are Airport busses to Stockholm Central (Stockholm City) and several other stops (<https://www.flygbussarna.se/en>). Travel time from Arlanda to Stockholm Central is ca. 45 minutes, costs are SEK 99; from Bromma to Stockholm Central the travel time is ca. 20 minutes, regular costs are SEK 75, from Skavska to Stockholm Central the travel time is ca. 80 minutes and regular costs are SEK 139. Tickets are sold in the vending machines outside the baggage claim area.

For trips to and from Stockholm Arlanda Airport the major taxi companies (Taxi Stockholm, Taxi 020 and Taxi Kurir) have fixed prices of between SEK 450-550. Always ask the driver for the fixed price beforehand. In addition to the major taxi companies there are several independent firms; because their prices are less predictable caution is advised.

**Inside Stockholm** - To travel inside Stockholm, metro, busses and tram are most convenient, travel information for all stops and addresses are provided by <https://sl.se/en/>, a regular single ticket is valid for 75 minutes and costs SEK 44, SEK 30 for students. Note that you can't buy the ticket on the bus, so if you will travel by bus, please make sure you have a ticket. For metro, you can buy the ticket at the station.

**Hotel to school** – Stockholm is a safe city when it comes to walking and using public transportation even in the evening. The subway station by the school is called Rådmanngatan, located on the green line. On the platform, follow the signs towards Handelshögskolan (SSE in Swedish) to find yourself in front of the school's main building.

### **Other information:**

**Dining** – The Stockholm School of Economics is located in one of the most frequented areas for dining and bars, so there are many opportunities just across the street. Especially at Sveavägen there are many restaurants and bistros which relatively low prices. Drottninggatan as the main street of Stockholm City is only a few minutes to walk from the Stockholm School of Economics and has also a lot to offer, as well as smaller branch roads and Odengatan.
