

Company Sponsorship

Global MBA

Sponsoring an employee in the Michigan Ross Global MBA Program makes great sense for your company as well as your employee. Our program allows experienced professionals to fully immerse themselves in gaining a world-class MBA education while minimizing their time away from your organization. In prior years, more than half of our students received company sponsorship.

Key Benefits

- › The 15-month format of the Global MBA allows students to fully immerse themselves in a world-class, global leadership MBA experience — and return to work sooner than in a traditional two-year program.
- › Your company substantially enhances its talent pool and leadership pipeline, with employees receiving a top-ranked MBA education and readiness for senior leadership roles.
- › Students also bring back to your organization the benefits of mastering cross-cultural business issues, as well as new industry or functional experience through our action-based-learning curriculum.
- › Your company’s network will expand through exposure to other top-tier classmates, as well as over 52,000 Michigan Ross alumni and over 630,000 University of Michigan alumni around the world.
