Academics

French Training Session (FTS)
An intensive French language course is offered to international students during 4 weeks in September and is free of charge. Students will take 3 hours of French lessons each day, Monday through Friday, and participate in cultural activities.

N.B.: This session is offered in the Fall term only, however, students coming on exchange at another period of the year will be able to take a regular French course during each term.

Course offer
The ESSEC MSc program offers over 200 business courses over the year, as well as foreign language courses. To consult the course catalog, students can ask their local study-abroad coordinator.

Students from MBA programs and coming to ESSEC in the Fall term (September to December) can attend courses from the ESSEC Global MBA (the list of courses will be provided to students in due time).

Course restrictions
The following courses are not open to exchange students:
- ESSEC core courses (Organizational Theory & Behavior, Strategy & Management, Management Control, Managing IT in the Digital Age, Marketing Management, Financial Accounting & Reporting, Principles of Finance and Business Economics);
- Financial Statement Analysis;
- Business Analysis & Value Creation;
- Courses from some Chairs reserved to students admitted into the Chair (mention «reserved» indicated on the timetable).

Courses in specialized fields
Exchange students have the opportunity to take courses that draw on ESSEC’s specific fields of expertise. This includes courses in Luxury Brand Management, Hospitality Management, Entrepreneurship, Agri-Food Industry, Health, etc.

Students usually receive the timetable about 2 months before the beginning of each term. Courses are taught in French and in English. Please note that it is not required to speak French to come to ESSEC as students can take all their courses in English.

Course load & credits
Students can take a maximum of 5 courses per term (5 business courses or 4 business courses + 1 language course). There is no minimum course load required.

Course registration process
Students register themselves in courses on an online platform about 2 months before the start of each term. They have 1 week to make all the changes they want, after that, no more changes (or dropping) is allowed.

IMPORTANT: Although exchange students have priority in courses as they register before full-time students, courses get full pretty quickly (especially the popular ones such as luxury courses) so students should not wait the last day to connect and register if they wish to secure a spot in all the courses they want to attend.

Examination
For courses with a final exam, it will take place on the very last week of the term. However, many courses do not have any final exam but assignments, presentations and/or projects (individual or in groups) throughout the term.

Grading & conversion
Grades range from 0 to 20. Students need to obtain at least a grade of 10 to pass a course.

Summer module “The Global Manager in Europe”

This 3-week Summer program is offered each year to all MBA students from our partner universities. It gives the opportunity to students to learn about business in Europe and the French and European culture. Students will follow courses and conferences given by ESSEC faculty and take part in various cultural activities. Students interested in joining this program must be nominated by their coordinator. The selection process takes place in February/March. The registration fee is 500 €.

CAUTION: for non-European citizens, some visas do not allow students to work on the French territory. Students must therefore check this before starting their search for a job or an internship.

Visa and residence permit

Non-European citizens may need a visa to come to France. To obtain their visa, students must go to the French consulate in their country of residence with the letter of acceptance from ESSEC, which they receive once they have completed their online application.

Non-European students may be required to obtain a residence permit, depending on the type of visa they receive. All non-European students staying more than 90 days in France are required to obtain one. ESSEC will help students with the procedure on their arrival.

Accommodation

On-campus housing
Alegessec, ESSEC’s housing office, rents 1100 rooms to ESSEC and international exchange students. Four residence halls are located near the campus. Students need to complete and return the housing contract in order to book a room (document to download during their online application).

N.B.: We advise exchange students to stay in the Résidence Les Hauts de Cergy or Résidence du Port.

Off-campus housing
Students also have the possibility to rent an apartment in Cergy or in Paris. Useful websites are provided to students in the practical guide they must download during their online application.
Health insurance and birth certificate

All students are required to hand in a proof of medical insurance (European card for European students, private insurance for others) as well as a birth certificate translated into French. Students will be asked to submit those documents by regular mail during the application process.

**IMPORTANT:** Students staying over 3 months in France and under 28 must subscribe to the French Social Security upon arrival at ESSEC (around 200€). This requirement can be waived for EU citizens who can provide the European Health Insurance Card.
