CAREER MANAGEMENT CENTER**Career Services**

Exchange participants are welcome to benefit from CMC (Career Management Center) services, which are almost identical to those provided to full-time students.

Exchange participants will be able to attend any activities proposed to full-time students, such as plenary workshops or events – some functional-specific events are not open to exchange participants for logistical reasons.

Exchange participants also have access to:

- The HEC Alumni network, numbering over 40,000 alumni on payment of a membership fee.
- The CMC careers intranet, containing advice, useful links and company information
- Symplicity – the CMC careers platform, where you can post your CV and access job offers and other useful information
- The CMC staff for counselling and careers advice.

The CMC works on the basis that Exchange participants have covered the “self-assessment” elements of their career management and job search process, and have clarified their career plans prior to their arrival at HEC.

Exchange students are unable to undertake an internship under the auspices of HEC.

MBA COUNCIL AND STUDENT CLUBS	
<u>MBA Council</u>	<p>The MBA Council's Integration Team is willing to provide the Exchange participants with the most relevant information to ease the transition into HEC life.</p> <p>It is always best to get the "insider's view" so our team has also coordinated a "buddy system" to link the Exchange participant to a current HEC student who will be able to answer all pertinent questions before the arrival. The buddy might be from a different nationality than the Exchange participant, but he/she can always help him/her to get in touch with someone from the same nationality should he/she have any specific country related doubts.</p>
