

ESADE BUSINESS SCHOOL FACT SHEET 2017-2018

THE ESADE MBA

Introduction

Our MBA Programme is based at the ESADE Creapolis Campus in Sant Cugat (Barcelona), in a beautiful location where more than sixty start-up companies and SMEs as well as the R+D+i departments from a number of multinationals have already set up their business.

Entrepreneurship is, as always, our forté and point of emphasis. With increasing numbers of our MBA participants setting up their own businesses after graduation, we strive to support students in taking their business ideas from inception to a fully-fledged reality.

Our new, larger premises allow for annual events such as Innovation Speed Dating to continue growing in strength; an event uniting entrepreneurs from numerous backgrounds looking to develop a Business Plan with MBA students, and from which several successful ventures have arisen.

About our Elective courses: The ESADE MBA takes a globalist approach. During the exchange trimester at ESADE, participants can choose from any of the second year electives, all being taught in English.

Faculties/College: University. Law School. Executive Language Centre. Executive Education. Professional Masters' Programs. (Marketing, Finance, Operations, Public Administration, Tourism, etc.)

About the Exchange Program

Courses are instructed in English and they are listed on the intranet.

Language requirement: Admission to the Full-Time MBA requires demonstration of English Proficiency, TOEFL or similar.

Language courses: Spanish language classes will be available to exchange students

Academic/Experience: Applicants must be MBA candidates and must have completed the core coursework in their home school successfully to enrol in elective classes. Minimum 2 years relevant work experience.

Full-time Workload: Please note that the course load for exchange students is **4 MBA electives for all exchange students.**

Exchange students will choose electives through a bidding system and once the bidding system application has closed, changes will be subject to availability and requested to Programme Management.

Learning Expectations: ESADE MBA courses are highly participative. Some classes are case study-based, others on quantitative models, etc. The overall philosophy is cooperative and team-work oriented and we expect exchange students to collaborate as and when required with group work.

Grading: ESADE does not grade on a curve. The grading system is on a scale of 0 to 10 points, in the following order:

| | |
|-----------------|------------------|
| From 9,0 to 10 | Excellent |
| From 7,0 to 8,9 | Distinction |
| From 5,0 to 6,9 | Pass |
| From 0 to 4,9 | Fail |
| Pendiente | Not yet released |
| NP | Incomplete |

If a student fails a class, it is his / her responsibility to contact the professor to make up the coursework.

Exams: Exams are mainly written but not all courses have final exams. Some require a paper, individual or group work, presentations etc.

Class attendance: Students are expected to attend all classes. Students will not be excused from class for any other reasons apart from illness and serious family issues. If students miss more than 25% of the course, he/she cannot fulfil the required

credits and therefore he/she will receive a failing grade in the course. Attendance will be monitored by fingerprint, as the rest of the FT MBA class.

Barcelona

Barcelona, one of the most cosmopolitan and open-minded cities in the Mediterranean, is defined by its style. Life takes place against a backdrop of architectural gems ranging from gothic to art nouveau and from Gaudi’s masterpieces to a daring and original urbanism.

Sports enthusiasts can practice all kinds of outdoor (and indoor) activities all year round thanks to the pleasant climate. For spectators, the city is home to Barcelona Football Club – the world’s most successful soccer team in recent years – and is the location of Spain’s premier Formula 1 motor racing circuit. It also boasts a number of world-class golf clubs and, as a result of hosting the 1992 Olympic Games, athletics facilities of all kinds.

Students and business people worldwide are lured by Barcelona’s numerous attractions, warm weather and unbeatable location by the sea.
